

Milwaukee County is seeking input to identify problems, recommend solutions, and to assist in developing alternative concepts for the Menomonee River Parkway Renewal project. The project provides a rare opportunity to rethink how the parkway is used and to renew the recreational function while recognizing current and future uses.

You are invited to attend a public information meeting to provide input into the Menomonee River Parkway Renewal project.

**Wednesday, November 20, 2013
4:30-7:30 p.m.**

**Helpaer Hall (adjacent to the Haggerty Library)
Mount Mary University
2900 North Menomonee River Parkway**

*Free Parking:
In the student lot off of the 92nd St. entrance*

The meeting will be held in open house style so participants are free to stop in any time during the three hour period. Representatives from Milwaukee County Parks and the engineering consulting team, GAI Consultants, will be available to discuss options, receive feedback and answer questions. Input is being sought to identify the Menomonee River Parkway's current problems, recommend solutions, and assist the team in evaluating concepts to improve pedestrian access, bike and pedestrian safety, traffic flow, parkway aesthetics, and to apply best management practices to improve runoff water quality and improve the environment.

If you would like additional project information, it is available online at :

<http://county.milwaukee.gov/MenomoneeRiverParkwayRenewal>

If you are unable to attend the meeting, but would like to provide input, meeting materials will be posted online from November 21, through December 6, 2013. During that time period, you will be able to submit comments electronically, or mail written comments to:

Menomonee River Parkway
c/o Martinsek & Associates
1325 E Potter Avenue
Milwaukee, WI 53207

If you have questions prior to the meeting or require special assistance, you may contact the project's public information coordinator, Kris Martinsek at (414) 769-0400.park amenities.
